

Classes in the Gardens~Fall 2019

Call or email Jennifer to register, 484-0034 or jburns35@utk.edu except as noted below

Sat., Sept. 7 9-11 am	<i>Caterpillars And Butterflies Of The Tennessee Garden (Ernie Wood)</i> Planting host and nectar plant varieties will bring both caterpillars and butterflies to your garden. Join Ernie as he identifies the caterpillars and butterflies commonly found in a Tennessee Butterfly Garden. He will also share his tips to ensure these graceful creatures thrive within our environment.	Fee: None Limit: 60
Mon., Sept. 9 9-11 am	<i>Invasive Plants On The Plateau (Bill Morgan)</i> This presentation will introduce you to invasive plants and discuss why they should not be included in landscapes. Many plants have been and continue to be introduced onto the Plateau from other parts of the world, particularly the orient. Some are okay, but many are very invasive and spread rapidly. In addition to crowding out our native plant species they are sometimes the source of very destructive diseases. Many are offered at local nurseries. As a result, without realizing it, gardeners are unwittingly buying and introducing some very invasive plants into their landscapes.	Fee: None Limit: 60
Sat., Sept. 21 10-Noon	<i>Garden Tour (Shalena Durkot and Master Gardeners)</i> Join us as we enjoy a relaxing stroll through the Gardens in fall! A day to compare the seasonal changes from this year, simply relax before it's time to put our Gardens to bed for winter.	Fee: None Limit: None
Tues., Sept. 24 10-Noon	<i>Repurposing With Angela (Angela Witzel)</i> Fall is coming and so are the pumpkins! I will demonstrate how to make a Concrete pumpkin, then you will decorate an already cured pumpkin of your own. All materials are provided in the \$30 class fee	Fee: \$30 Limit: 15
Mon., Sept. 30 9:30-11 am	<i>Landscaping With Conifers (Dr. Sue Hamilton)</i> Learn about the wonderful world of conifers and how to use them in the landscape. Dr. Sue Hamilton, director of the UT Gardens, will share her extensive knowledge about many different conifers and their attributes. No matter how big or small your yard, there are conifers to fit your needs.	Fee: none Limit: 60
Wed., Sept. 25 9-11:30 am	<i>Tree Identification (Sid Morgan)</i> Guided walk through the woody area near the Gardens will identify and discuss native trees common in this area. The date is dependent upon Mother Nature, so watch for emails from Bev as plans develop. Dress appropriately.	Fee: None Limit: 24
Sat., Oct. 12 10-Noon	<i>Composting (Sid Morgan)</i> Compost is one of nature's best mulches and soil amendments. Using compost improves soil structure, texture, and aeration and increases the soil's water-holding capacity. Best of all, compost is free if you make it yourself.	Fee: None Limit: 60
Tues., Oct. 22 10-Noon	<i>Repurposing With Angela (Angela Witzel)</i> Be on the lookout for project specifics via Facebook and our Garden emails a few weeks before class!	Fee: TBD Limit: 20
